

## Save-Spend-Share Jars

This is a fun craft activity to explore the various ways that we use money:

- **SAVE:** We can put our money away in a safe place for the future
- **SPEND:** We can exchange our money for a product or service
- **SHARE:** We can give away our money to others who need it

Here is what you will need to create the Save-Spend-Share bank jars:

- 3 plastic mason jars – available at [Michaels](#) (with cardboard tray) and [Amazon](#) (with slotted lid)
- 1 set of Save-Spend-Share labels – printed on Avery5294 High Visibility Round Labels or plain paper that you can cut and glue

Refer to the Save-Spend-Share handout for additional information about these concepts.
