

Allegacy Website Privacy Notice

Our Online Privacy Practices

Keeping financial and personal information secure is one of our most important responsibilities. Allegacy Federal Credit Union is committed to protecting the information of our members and other visitors who use our website. We value your trust and handle all personal information with care. As with information we collect through other means, we use the information you provide online to respond to your needs, service your accounts, and provide you with information about other services.

Secure Transmissions

To ensure information remains confidential, Allegacy uses encryption technology such as Secure Socket Layer (SSL) to protect information you enter and submit from our website.

When logging into sensitive programs like Online Banking, a password along with a verification code is used to authenticate the user via text message and/or a voice call to ensure the member is truly trying to access the account. Options on how to receive the verification codes are provide during the login security set-up.

Email Security

Regular Internet email is not secure. You should never provide information that is sensitive or confidential such as your social security number, account number, or PIN through unsecured email. We ask that you do not send personal or account Information through regular email.

Allegacy provides a method of sending a secure email to the credit union by accessing our "Secure Contact Session" found under the "Contact Us" tab of our website. Sensitive emails sent from Allegacy to the membership travel through an end-to-end encryption service. Depending on your email provider, a username and password maybe needed to access content.

Cookies

A cookie is a small piece of information that a website stores directly on the computer you are using. Cookies may contain a variety of information from a simple count of how often you visit a website to information which allows customization of a website for your use. Allegacy uses cookies to gather data about the usage of our website and to ensure that you have access to your account information. Anytime a cookie is used, personal information is encrypted for our use only and is protected from third party access (a cookie cannot be read by a website other than the one that sets the cookie). Cookies are used to enhance your online browsing experience and are required for certain webpage functionality.
