RCFCU Welcomes New Members

January 1, 1999 was an eventful day for both Reynolds Carolina Federal Credit Union (RCFCU) and Carolina MediCredit Credit Union (CMCU). That was the day that CMCU was merged into RCFCU.

CMCU, a \$21 million credit union based in Winston-Salem, had approximately 6,500 members. These members are employed by Novant Health, Inc. and other Select Employee Groups (SEGs) in the Winston-Salem area. Many of the members were already RCFCU members, due to their employment at Winston-Salem Health Care and Dental Care, former SEGs of RCFCU.

By an overwhelming majority of those who voted, CMCU's membership agreed to be merged into RCFCU. RCFCU's membership was not required to vote on the merger.

This merger is an exciting opportunity for all members. It increases the asset size and membership at RCFCU, thereby increasing our economies of scale so that we can provide more and improved services in the future. For former CMCU members specifically, they now have access to services they didn't have before, including a full range of mortgages, student services, and financial planning through The Safe Passage Group, Inc.

In addition to its six (6) Winston-Salem branches, local members now have another branch conveniently available to them.

We welcome our newest members and look forward to serving all of your financial needs.
